Chill, Eat, Drink & Sleep with **Chillin' Strips!**

Chillin'
strips™

orthocare essentials™

Chillin' Strips innovative formulation was created by an orthodontist to provide a science and research driven solution for discomfort while wearing braces and aligners. Our formulation is the first ever to provide ingredients that soothes irritation of tender gingiva, buccal mucosa, soft and hard palate and comforts sensitive enamel.

Scan to Order

- Made with functional & beneficial ingredients
- Delivers the best formulation up to 2 hours or more
- Helps soothe and protect your mouth, teeth & gums
- Dissolves in your mouth anywhere, anytime
- **Eat, drink and even sleep** with Chillin' Strips
- Safe to use under mouth guards

Here's how to use Chillin' Strips

1. Open Chillin' Strips. If desired, store in fridge for extra chill.
2. Peel off 1 Chillin' Strip holding it by the edges.

3. Store remaining Chillin' Strips in pack and seal.

4. Place Chillin' Strip on your teeth and/or gingiva (any wound in the oral cavity), centering on the problem area.

5. Press over braces and aligners, pushing above and below onto gums and teeth. Adhesion activates with your saliva for best moldability.

6. Keep strip on for up to 2 hours or until completely dissolved.
7. If you need to remove sooner, use a toothbrush to wash away.

Ingredients: Glycerin, Pectin, Xylitol, Carboxymethyl Cellulose, Organic Pullulan, Cocoa Powder, Dead Sea Salt, Gelatin, Menthol, Cocoa Butter, Cocoa Extract, Vanilla Extract, Sucralose, Natural Peppermint Flavor, Eugenol, FD&C Blue #1.
